California Fuel Readiness Checklist

Small steps. Practical preparation. Keep this page where you can find it.

DRIVE SMARTER AND USE LESS FUEL

- ☐ Keep your gas tank above half full for a buffer.
- ☐ Plan ahead and group errands into one outing.
- ☐ Check tire pressure and clear heavy items from your trunk.
- ☐ Slow down on the highway and pick shorter routes.

BACKUP TRAVEL AND SAFE FUEL STORAGE

- ☐ Look up local bus or train routes near home and work.
- ☐ Ask coworkers, neighbors, or school families about carpooling.
- ☐ Check local fire rules before storing any gasoline.
- ☐ Use approved, labeled cans; label each with the fill date.

SAFETY NOTE Never store gasoline inside your living space. Keep cans in a cool, shaded spot away from flames, sparks, heaters, or pilot lights, and out of reach of children.
