Home Inventory Starter Checklist

Small steps. Practical preparation. Keep this page where you can find it.

BUILD YOUR INVENTORY

- ☐ Pick one small area, like a cabinet or closet, and start there.
- ☐ Take wide room shots plus close-ups of single items.
- ☐ Write a short note: make, model, where and when you bought it.
- ☐ Record serial numbers from appliances and electronics.

PROTECT AND MAINTAIN IT

- ☐ Save receipts, contracts, and appraisals with your list.
- ☐ Keep digital and paper copies, with one stored away from home.
- ☐ Call your agent to check coverage and add special items.
- ☐ Add new purchases right away and review the list yearly.

SAFETY NOTE Keep sensitive files password protected and share only what your insurance claim needs, nothing more.
