Texas Flood & Storm Readiness

Small steps. Practical preparation. Keep this page where you can find it.

BEFORE THE STORM

- ☐ Check if your home sits in a flood-prone area and plan for rising water.
- ☐ Make a household plan with a meeting spot and safe route to higher ground.
- ☐ Pack a go-kit: water, food, medicine, papers, flashlight, first aid, shoes, gloves.
- ☐ Set up NOAA weather alerts and fully charge phones, power banks, and radio.

DURING & AFTER THE STORM

- ☐ Follow official instructions; if told to leave, leave right away.
- ☐ Never drive through moving water or go around barricades on flooded roads.
- ☐ Move to higher ground or a higher floor if water rises near your home.
- ☐ Return home only after officials give the all clear, then check on everyone.

SAFETY NOTE Before handling flood debris, wear boots, long pants, work gloves, eye protection, and an N95 respirator; flood water and wet materials can harm your lungs and skin.
